RESOLUTION OF THE DEMOCRATIC

STATE EXECUTIVE COMMITTEE.

Profoundly impressed with the importance of prompt, vigorous and patriotic action on the part of the Democratic State Committee, in order to avert. If possible, the consequences which must inevitably result from the unhappy divisions now in the ranks of the Democracy in our State and eation, we cordially and honestly recommend to the De normey of the State that they unite with heart and voice in the support of our excellent and competent nominee for Governor. Henry D Foster, and that is all the local elections they act as one party, forgiving and forgetting any differences that they may have entertained for the Presidency; but with a view to a perfect upi ty against the common enemy, we recommend the Democracy of Pennsylvania to unite their votes for Prosident on the electoral ticket formed at Reading on the 1st day of March, 1869, on the following basis and understanding, viz : That if said electoral ticket should be elected by the people, and it should appear, on ascertaining the result in the other States of the Union, that by casting the entire vote of Pennsylvania for Ste-phen A. Donglas and Herschel V. Johnson, it would elect them President and Vice President over Messrs. Lincoln and Hamlin, then guid electors shall be under obligation so to east said is the first and highest duty of all Democrats, however they may differ about I men and miner points of principle or polley, to unite against the enemy, and to avert, if greatest calarity that could be all the country, the election of a Black Republican President :and further, the 'Chairman of this Committee is hereby authorized to correspond with the several electors in the State, and obtain from him his written pledge, within thirty days from this date that he will faithfully carry out the opbject of this resolution.
